PROJECTS

Portion Website — <https://www.portion.lk/>

Developed and maintained the Company Portfolio website for Portion (Pvt) Ltd. using PHP Laminas Framework. Designed a responsive and visually appealing platform to showcase the company's services, expertise, and portfolio. Ensured seamless navigation and an engaging user experience to effectively communicate the brand identity to potential clients.

Mammypages Website — <https://mammypages.com/>

Led the development and maintenance of Mammypages.com using PHP custom Framework, a multilingual platform offering parenting tips, health advice, and lifestyle content. Implemented responsive designs and optimized performance to enhance user experience. Collaborated with cross-functional teams to ensure seamless deployment and continuous improvements.

Dreams of Ceylonese — <https://dreamsofceylonese.com/>

Website, Admin manage react native application, Stock management

Developed and transitioned Dreams of Ceylonese from a PHP-based platform to React (Next.js) for enhanced performance and scalability. Designed a modern, responsive, and user-friendly website to showcase the brand effectively. Focused on optimizing UI/UX, improving navigation, and ensuring seamless functionality.
